SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

FORM 10-Q

Quarterly Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the quarterly period ended September 30, 2016

Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934

For the transition period from _____ to _____

Commission File No. 333-127347

PROVISION HOLDING, INC.

(Exact name of Registrant as specified in its charter)

Nevada

(State or other jurisdiction of
incorporation or organization)

20-0754724

(IRS Employer
Identification No.)

9253 Eton Avenue, Chatsworth, California

(Address of principal executive offices) (Zip Code)

Registrant's telephone number, including area code: **(818) 775-1624**

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for at least the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "accelerated filer, large accelerated filer and smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

There were 97,336,227 shares of the Registrant's \$0.001 par value common stock outstanding as of November 9, 2016.

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION

Business Description and Presentation

Provision Holding, Inc. (“Provision” or the “Company”) focused on the development and distribution of Provision’s patented three-dimensional, holographic interactive displays focused at grabbing and holding consumer attention particularly and initially in the advertising and product merchandising markets. The systems display a moving 3D image size to forty inches in front of the display, projecting a digital video image out into space detached from any screen, rendering truly independent floating images featuring high definition and crisp visibility from far distances. The nearest comparable to this technology can be seen in motion pictures such as Star Wars and Minority Report, where objects and humans are represented through full-motion holograms.

Provision’s proprietary and patented display technologies and software, and innovative solutions aim to attract consumer attention. Currently the Company has multiple contracts to place Provision’s products into large retail stores, as well as signed agreements with advertising agents to sell ad space to Fortune 500 customers. Given the technology’s potential in the advertising market, the Company is focused on creating recurring revenue streams from the sale of advertising space on each unit.

Corporate History

On February 14, 2008, MailTec, Inc. (now known as Provision Holding, Inc.) (the “Company”) entered into an Agreement and Plan of Merger, which was amended and restated on February 27, 2008 (as amended and restated, the “Agreement”), and closed effective February 28, 2008, with ProVision Merger Corp., a Nevada corporation and wholly owned subsidiary of the Company (the “Subsidiary”) and Provision Interactive Technologies, Inc., a California corporation (“Provision”). Pursuant to the Agreement, the Subsidiary merged into Provision, and Provision became a wholly owned subsidiary of the Company. As consideration for the merger of the Subsidiary into Provision, the Company issued 20,879,350 shares of the Company’s common stock to the shareholders, creditors, and certain warrant holders of Provision, representing approximately 86.5% of the Company’s aggregate issued and outstanding common stock, and the outstanding shares and debt, and those warrants whose holders received shares of the Company’s common stock, of Provision were transferred to the Company and cancelled.

Going Concern and Management Plans

These financial statements are presented on the basis that the Company is a going concern. Going concern contemplates the realization of assets and the satisfaction of liabilities in the normal course of business over a reasonable length of time. The Company had accumulated deficit at September 30, 2016 of \$36,381,789. The Company has negative working capital of \$8,963,910 as of September 30, 2016. These matters raise substantial doubt about the Company’s ability to continue as a going concern. The unaudited condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company’s continuation as a going concern is dependent upon its ability to generate sufficient cash flow to meet its obligations on a timely basis, to obtain additional financing or refinancing as may be required and, ultimately, to attain profitable operations. Management’s plan to eliminate the going concern situation include, but are not limited to, the raise of additional capital through issuance of debt and equity, improved cash flow management, aggressive cost reductions, and the creation of additional sales and profits across its product lines.

Basis of presentation

Throughout this report, the terms “we”, “us”, “ours”, “Provision” and “company” refer to Provision Holding, Inc., including its wholly-owned subsidiary. The condensed consolidated balance sheet presented as of June 30, 2016 has been derived from the Company’s audited consolidated financial statements. The unaudited condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission, (instructions to Form 10-Q and Article 8 of Regulation S-X). Certain information and footnote disclosures normally included in the annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America, have been omitted pursuant to those rules and regulations, but we believe that the disclosures are adequate to make the information presented not misleading. The unaudited condensed consolidated financial statements and notes included herein should be read in conjunction with the annual financial statements and notes for the fiscal year ended June 30, 2016 included in Provision’s Annual Report on Form 10-K filed with the SEC on October 13, 2016. In the opinion of management, all adjustments, consisting of normal, recurring adjustments and disclosures necessary for a fair presentation of these interim statements have been included. The results of operations for the three months ended September 30, 2016 are not necessarily indicative of the results for the fiscal year ending June 30, 2017.

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION (Continued)

Principles of Consolidation and Reporting

The consolidated financial statements include the financial statements of the Company and its wholly owned subsidiary. All significant inter-company balances and transactions have been eliminated in consolidation. The Company uses a fiscal year end of June 30.

There have been no significant changes in the Company's significant accounting policies during the three months ended September 30, 2016 compared to what was previously disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2016.

Basis of comparison

Certain prior-period amounts have been reclassified to conform to the current period presentation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts and timing of revenues and expenses, the reported amounts and classification of assets and liabilities, and the disclosure of contingent assets and liabilities. These estimates and assumptions are based on the Company's historical results as well as management's future expectations. The Company's actual results could vary materially from management's estimates and assumptions.

Management makes estimates that affect certain accounts including, deferred income tax assets, estimated useful lives of property and equipment, accrued expenses, fair value of equity instruments and reserves for any other commitments or contingencies. Any adjustments applied to estimates are recognized in the year in which such adjustments are determined.

Cash and Cash Equivalents

The Company considers all highly liquid investments, with an original maturity of three months or less when purchased, to be cash equivalents. As of September 30, 2016 and June 30, 2016, the Company's cash and cash equivalents were on deposit in federally insured financial institutions, and at times may exceed federally insured limits.

Accounts Receivable

Accounts receivable are not collateralized and interest is not accrued on past due accounts. Periodically, management reviews the adequacy of its provision for doubtful accounts based on historical bad debt expense results and current economic conditions using factors based on the aging of its accounts receivable. After management has exhausted all collection efforts, management writes off receivables and the related reserve. Additionally, the Company may identify additional allowance requirements based on indications that a specific customer may be experiencing financial difficulties. Actual bad debt results could differ materially from these estimates.

Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market. The Company periodically reviews its inventories for indications of slow movement and obsolescence and records an allowance when it is deemed necessary.

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION (Continued)

Property and Equipment

Property and equipment are stated at cost. When retired or otherwise disposed, the related carrying value and accumulated depreciation are removed from the respective accounts and the net difference less any amount realized from disposition, is reflected in earnings. For financial statement purposes, property and equipment are recorded at cost and depreciated using the straight-line method over their estimated useful lives. Long-lived tangible assets are reviewed for impairment whenever events or changes in business circumstances indicate the carrying value of the assets may not be recoverable. Impairment losses are recognized based on estimated fair values if the sum of expected future undiscounted cash flows of the related assets is less than their carrying values.

Intangibles

Intangibles represent primarily costs incurred in connection with patent applications. Such costs are amortized using the straight-line method over the useful life of the patent once issued, or expensed immediately if any specific application is unsuccessful.

Revenue Recognition

The Company recognizes gross sales when persuasive evidence of an arrangement exists, title transfer has occurred, the price is fixed or readily determinable, and collection is probable. It recognizes revenue in accordance with Accounting Standards Codification (“ASC”) 605, Revenue Recognition (“ASC 605”). Revenue from licensing, distribution and marketing agreements is recognized over the term of the contract. Revenue from the sale of hardware is recognized when the product is complete and the buyer has accepted delivery. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded.

Cost of Revenue

Cost of revenue in respect to sale of hardware consists of costs associated with manufacturing of 3D displays, Kiosk machine, transportation, and other costs that are directly related to a revenue-generating. Such expenses are classified as cost of revenue in the corresponding period in which the revenue is recognized in the accompanying income statement.

Depreciation and Amortization

The Company depreciates its property and equipment using the straight-line method with estimated useful lives from three to seven years. For federal income tax purposes, depreciation is computed using an accelerated method.

Shipping and Handling Costs

The Company’s policy is to classify shipping and handling costs as a component of Costs of Revenues in the Statement of Operations.

Unearned Revenue

The Company bills customers in advance for certain of its services. If the customer makes payment before the service is rendered to the customer, the Company records the payment in a liability account entitled customer prepayments and recognizes the revenue related to the services when the customer receives and utilizes that service, at which time the earnings process is complete. The Company recorded \$3,369,774 and \$3,419,616 as of September 30, 2016 and June 30, 2016, respectively as deferred revenue.

Significant Customers

During the three months ended September 30, 2016 the Company had one customer which accounted for more than 10% of the Company’s revenues (85%) During the three months ended September 30, 2015 the Company had one customer which accounted for more than 10% of the Company’s revenues (96%).

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION (Continued)*Research and Development Costs*

The Company charges all research and development costs to expense when incurred. Manufacturing costs associated with the development of a new process or a new product are expensed until such times as these processes or products are proven through final testing and initial acceptance by the customer.

For the three months ended September 30, 2016 and 2015, the Company incurred \$150,132 and \$32,069, respectively for research and development expense which are included in the unaudited condensed consolidated statements of operations.

Fair Value of Financial Instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of September 30, 2016 and June 30, 2016. The respective carrying value of certain on-balance-sheet financial instruments, approximate their fair values. These financial instruments include cash, accounts receivable, accounts payable, accrued expenses and notes payable. Fair values were assumed to approximate carrying values for these financial instruments because they are short term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand.

The Company uses fair value measurements under the three-level valuation hierarchy for disclosures of fair value measurement and enhances disclosure for fair value measures. The three levels are defined as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial instruments.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value.

	<u>Carrying Value</u>	<u>Fair Value Measurements Using Fair Value Hierarchy</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Convertible notes (net of discount) – September 30, 2016	\$ 6,197,133	\$ -	\$ -	\$ 6,197,133
Convertible notes (net of discount) – June 30, 2016	\$ 6,415,371	\$ -	\$ -	\$ 6,415,371
Derivative liability – September 30, 2016	\$ 104,446	\$ -	\$ -	\$ 104,446
Derivative liability – June 30, 2016	\$ 188,128	\$ -	\$ -	\$ 188,128

The following table provides a summary of the changes in fair value of the Company's Promissory Notes, which are both Level 3 liabilities as of September 30, 2016:

Balance at June 30, 2016	\$ 6,415,371
Accretion of debt and warrant discount and prepaid financing costs	458,855
Issuance of shares of common stock for convertible debt	<u>(677,093)</u>
Balance September 30, 2016	<u>\$ 6,197,133</u>

The Company determined the value of its convertible notes using a market interest rate and the value of the warrants and beneficial conversion feature issued at the time of the transaction less the accretion. There is no active market for the debt and the value was based on the delayed payment terms in addition to other facts and circumstances at the end of September 30, 2016 and June 30, 2016.

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION (Continued)

Derivative Financial Instruments

The Company evaluates our financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the statements of operations. For stock-based derivative financial instruments, the Company uses the Black-Scholes-Merton pricing model to value the derivative instruments. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

Certain of the Company's embedded conversion features on debt and outstanding warrants are treated as derivative liabilities for accounting purposes under ASC 815 due to insufficient authorized shares to settle these outstanding contracts, or due to other rights connected with these contracts, such as registration rights. In the case of insufficient authorized share capital available to fully settle outstanding contracts, the Company utilizes the latest maturity date sequencing method to reclassify outstanding contracts as derivative instruments. These contracts are recognized currently in earnings until such time as the warrants are exercised, expire, the related rights have been waived and/or the authorized share capital has been amended to accommodate settlement of these contracts. These instruments do not trade in an active securities market.

The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period. Derivative instruments that become subject to reclassification are reclassified at the fair value of the instrument on the reclassification date. Derivative instrument liabilities will be classified in the balance sheet as current or non-current based on whether or not settlement of the derivative instrument is expected within 12 months of the balance sheet date.

The Company estimates the fair value of these instruments using the Black-Scholes option pricing model and the intrinsic value if the convertible notes are due on demand.

We have determined that certain convertible debt instruments outstanding as of the date of these financial statements include an exercise price "reset" adjustment that qualifies as derivative financial instruments under the provisions of ASC 815-40, Derivatives and Hedging - Contracts in an Entity's Own Stock ("ASC 815-40"). Certain of the convertible debentures have a variable exercise price, thus are convertible into an indeterminate number of shares for which we cannot determine if we have sufficient authorized shares to settle the transaction with. Accordingly, the embedded conversion option is a derivative liability and is marked to market through earnings at the end of each reporting period. Any change in fair value during the period recorded in earnings as "Other income (expense) - gain (loss) on change in derivative liabilities."

The following table represents the Company's derivative liability activity for the period ended:

Balance at June 30, 2016	\$ 188,128
Derivative liability reclass into additional paid in capital upon notes conversion	(23,825)
Change in fair value of derivative at period end	<u>(59,857)</u>
Balance September 30, 2016	<u>\$ 104,446</u>

Commitments and Contingencies:

In the normal course of business, the Company is subject to loss contingencies, such as legal proceedings and claims arising out of its business, that cover a wide range of matters, including, among others, government investigations, environment liability and tax matters. An accrual for a loss contingency is recognized when it is probable that an asset had been impaired or a liability had been incurred and the amount of loss can be reasonably estimated.

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION (Continued)

Basic and Diluted Income (Loss) per Share

Basic income (loss) per common share is computed by dividing net income (loss) available to common stockholders by the weighted average number of common shares outstanding. Diluted income (loss) per common share is computed similar to basic income per common share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. As of September 30, 2016, the Company had debt instruments, options and warrants outstanding that can potentially be converted into approximately 108,318,807 shares of common stock.

Anti-dilutive securities not included in diluted loss per share relating to:

Warrants outstanding	6,476,189
Options vested and outstanding	10,000
Convertible debt and notes payable including accrued interest	3,954,425
	10,440,614

Material Equity Instruments

The Company evaluates stock options, stock warrants and other contracts (convertible promissory note payable) to determine if those contracts or embedded components of those contracts qualify as derivative financial instruments to be separately accounted for under the relevant sections of *ASC 815-40, Derivative Instruments and Hedging: Contracts in Entity's Own Equity* ("ASC 815"). The result of this accounting treatment could be that the fair value of a financial instrument is classified as a derivative financial instrument and is marked-to-market at each balance sheet date and recorded as a liability. In the event that the fair value is recorded as a liability, the change in fair value is recorded in the statement of operations as other income or other expense. Upon conversion or exercise of a derivative financial instrument, the instrument is marked to fair value at the conversion date and then that fair value is reclassified to equity. Financial instruments that are initially classified as equity that become subject to reclassification under ASC 815 are reclassified to a liability account at the fair value of the instrument on the reclassification date.

Certain of the Company's embedded conversion features on debt and outstanding warrants are treated as derivative liabilities for accounting purposes under ASC 815-40 due to insufficient authorized shares to settle these outstanding contracts. Pursuant to SEC staff guidance that permits a sequencing approach based on the use of ASC 840-15-25 which provides guidance for contracts that permit partial net share settlement. The sequencing approach may be applied in one of two ways: contracts may be evaluated based on (1) earliest issuance date or (2) latest maturity date. In the case of insufficient authorized share capital available to fully settle outstanding contracts, the Company utilizes the earliest maturity date sequencing method to reclassify outstanding contracts as derivative instruments. These contracts are recognized currently in earnings until such time as the convertible notes or warrants are exercised, expire, the related rights have been waived and/or the authorized share capital has been amended to accommodate settlement of these contracts. These instruments do not trade in an active securities market.

NOTE 1 ORGANIZATION AND BASIS OF PRESENTATION (Continued)

Recent Accounting Pronouncements

In January 2016, the FASB issued an accounting standard update which requires, among other things, that entities measure equity investments (except those accounted for under the equity method of accounting or those that result in consolidation of the investee) at fair value, with changes in fair value recognized in earnings. Under the standard, entities will no longer be able to recognize unrealized holding gains and losses on equity securities classified today as available for sale as a component of other comprehensive income. For equity investments without readily determinable fair values the cost method of accounting is also eliminated, however subject to certain exceptions, entities will be able to elect to record equity investments without readily determinable fair values at cost, less impairment and plus or minus adjustments for observable price changes, with all such changes recognized in earnings. This new standard does not change the guidance for classifying and measuring investments in debt securities and loans. The standard is effective for us on July 1, 2018 (the first quarter of our 2019 fiscal year). The Company is currently evaluating the anticipated impact of this standard on our financial statements.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842) to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. Topic 842 affects any entity that enters into a lease, with some specified scope exemptions. The guidance in this Update supersedes Topic 840, Leases. The core principle of Topic 842 is that a lessee should recognize the assets and liabilities that arise from leases. A lessee should recognize in the statement of financial position a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For public companies, the amendments in this Update are effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact of adopting ASU No. 2016-02 on our consolidated financial statements.

In March 2016, the FASB issued ASU 2016-08, *Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)* that clarifies how to apply revenue recognition guidance related to whether an entity is a principal or an agent. ASU 2016-08 clarifies that the analysis must focus on whether the entity has control of the goods or services before they are transferred to the customer and provides additional guidance about how to apply the control principle when services are provided and when goods or services are combined with other goods or services. The effective date for ASU 2016-08 is the same as the effective date of ASU 2014-09 as amended by ASU 2015-14, for annual reporting periods beginning after December 15, 2017, including interim periods within those years. The Company has not yet determined the impact of ASU 2016-08 on its consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, Compensation – Stock Compensation, or ASU No. 2016-09. The areas for simplification in this Update involve several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. For public entities, the amendments in this Update are effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods. Early adoption is permitted in any interim or annual period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. Amendments related to the timing of when excess tax benefits are recognized, minimum statutory withholding requirements, forfeitures, and intrinsic value should be applied using a modified retrospective transition method by means of a cumulative-effect adjustment to equity as of the beginning of the period in which the guidance is adopted. Amendments related to the presentation of employee taxes paid on the statement of cash flows when an employer withholds shares to meet the minimum statutory withholding requirement should be applied retrospectively. Amendments requiring recognition of excess tax benefits and tax deficiencies in the income statement and the practical expedient for estimating expected term should be applied prospectively. An entity may elect to apply the amendments related to the presentation of excess tax benefits on the statement of cash flows using either a prospective transition method or a retrospective transition method. We are currently evaluating the impact of adopting ASU No. 2016-09 on our consolidated financial statements.

In April 2016, the FASB issued ASU 2016-10, *Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing*, which provides further guidance on identifying performance obligations and improves the operability and understandability of licensing implementation guidance. The effective date for ASU 2016-10 is the same as the effective date of ASU 2014-09 as amended by ASU 2015-14, for annual reporting periods beginning after December 15, 2017, including interim periods within those years. The Company has not yet determined the impact of ASU 2016-10 on its consolidated financial statements.

NOTE 2 INVENTORY

Inventory consists of raw materials; work in process and finished goods. The Company's inventory is stated at the lower of cost (FIFO cost basis) or market.

The carrying value of inventory consisted of the following:

	<u>September 30, 2016</u>	<u>June 30, 2016</u>
Raw materials	\$ 36,701	\$ 26,619
Finished goods	3,652,485	3,652,485
	<u>3,689,186</u>	<u>3,679,104</u>
Less Inventory reserve	(157,365)	(157,365)
Total	<u>\$ 3,531,821</u>	<u>\$ 3,521,739</u>

At September 30, 2016 and June 30, 2016, the inventory reserve remained unchanged, respectively.

NOTE 3 PREPAID EXPENSES

During the three months ended September 30, 2016, the Company prepaid certain expenses related to software licensing fees and legal expenses. At September 30, 2016 and June 30, 2016, \$542,927 and \$592,769, respectively, of these expenses remains to be amortized over the useful life through May 2017.

NOTE 4 PROPERTY and EQUIPMENT, net

Property and equipment consists of the following:

	<u>September 30, 2016</u>	<u>June 30, 2016</u>
Furniture and fixtures	\$ 12,492	\$ 12,492
Computer equipment	39,180	39,180
Equipment	4,493	4,493
	<u>56,165</u>	<u>56,165</u>
Less accumulated depreciation	(31,721)	(29,429)
Total	<u>\$ 24,444</u>	<u>\$ 26,736</u>

The aggregate depreciation charge to operations was \$2,292 and \$-0- for the three months ended September 30, 2016 and 2015, respectively. The depreciation policies followed by the Company are described in Note 1.

NOTE 5 PREPAID FINANCING COSTS

The Company pays financing costs to consultants and service providers related to certain financing transactions. The financing costs are then amortized over the respective life of the financing agreements. As such, the Company has prepaid \$1,080,924 and \$1,287,109 in financing costs at September 30, 2016 and June 30, 2016, respectively. Prepaid financing costs are presented with the net convertible debt as appropriate.

The aggregate amortization of prepaid financing cost charged to operations was \$206,185 and \$58,079 for three months period ended September 30, 2016 and 2015, respectively.

NOTE 6 INTANGIBLES, net of accumulated amortization

Intangibles consist of the following:

	<u>September 30,</u> <u>2016</u>	<u>June 30,</u> <u>2016</u>
Patents in process	\$ 142,116	\$ 142,116
Patents issued	58,037	58,037
	<u>200,153</u>	<u>200,153</u>
Less accumulated amortization	<u>(28,052)</u>	<u>(27,428)</u>
Total	<u>\$ 172,101</u>	<u>\$ 172,725</u>

The aggregate amortization expense charged to operations was \$624 and \$624 for three months ended September 30, 2016 and 2015, respectively. The amortization policies followed by the Company are described in Note 1.

As of September 30, 2016, the estimated future amortization expense related to finite-lived intangible assets was as follows:

Fiscal year ending,	
June 30, 2017	\$ 1,872
June 30, 2018	2,496
June 30, 2019	2,496
June 30, 2020	2,496
June 30, 2021	2,496
Thereafter	<u>160,245</u>
Total	<u>\$ 172,101</u>

NOTE 7 DEBT SETTLEMENT

During February 2015 the Company settled with a convertible note holder to repay the principal and accrued interest due with an interest free scheduled payment plan. On the date of the settlement the principal and accrued interest had a total value of \$333,563. The scheduled payment plan calls for payments totaling \$260,000. Accordingly, the Company recorded \$73,563 of gain on debt extinguishment in June 2015. The Company repaid \$16,795 on this debt during the three months ended September 30, 2016. The remaining balance is \$- and \$16,795 at September 30, 2016 and June 30, 2016, respectively.

NOTE 8 CONVERTIBLE DEBT

Convertible debt consists of the following:

	<u>September 30,</u> <u>2016</u>	<u>June 30,</u> <u>2016</u>
Convertible notes payable, annual interest rate of 10%, due dates range from May 2010 to February 2019 and convertible into common stock at a rate of \$0.06 to \$1.00 per share.	\$ 7,947,923	\$ 8,625,015
Convertible note payable, annual interest rate of 10%, convertible into common stock at a rate of \$1.00 per share and due July 2017.	750,000	750,000
Unamortized prepaid financing costs	(1,080,924)	(1,287,109)
Unamortized warrants discount to notes	(292,694)	(363,663)
Unamortized debt discount	<u>(1,127,172)</u>	<u>(1,308,872)</u>
	6,197,133	6,415,371
Less current portion	<u>(4,928,968)</u>	<u>(609,905)</u>
Convertible debt, net of current portion and debt discount	<u>\$ 1,268,165</u>	<u>\$ 5,805,466</u>

During the period ended September 30, 2016 the few holders of the Note converted \$699,575 including accrued interest value into 6,761,312 shares of the Company's common stock. The determined fair value of the debt derivatives of \$23,825 was reclassified into equity during the period ended September 30, 2016.

For the three ended September 30, 2016 and 2015, \$70,970 and \$6,710 were expensed in the statement of operation as amortization of warrant discount and shown as interest expenses, respectively. For the three ended September 30, 2016 and 2015, \$181,700 and \$48,584 was amortized of debt discount and shown as interest expenses, respectively.

The aggregate amortization of prepaid financing cost charged to operations was \$206,185 and \$58,079 for three months period ended September 30, 2016 and 2015, respectively.

Accrued and unpaid interest for convertible notes payable at September 30, 2016 and June 30, 2016 was \$2,542,502 and \$1,678,138, respectively.

For the three ended September 30, 2016 and 2015, \$234,348 and \$75,818, was charged as interest on debt and shown as interest expenses, respectively.

NOTE 9 DERIVATIVE LIABILITY

On June 10, 2016, the Company entered into a Loan Agreement with an investor pursuant to which the Company reissued a convertible promissory note from a selling investor in the principal amount of for up to \$160,330. The Note is convertible into shares of common stock at an initial conversion price subject to adjustment as contained in the Note. The Conversion Price is the 80% of the average closing price of the last thirty trading days of the stock, not lower than \$0.10. The Note accrues interest at a rate of 7% per annum and matures on December 10, 2017.

Due to the variable conversion price associated with this convertible promissory note, the Company has determined that the conversion feature is considered a derivative liability. The accounting treatment of derivative financial instruments requires that the Company record the fair value of the derivatives as of the inception date of the Convertible Promissory Note and to adjust the fair value as of each subsequent balance sheet date.

The initial fair value of the embedded debt derivative of \$206,996 was allocated as a debt discount \$76,163 was determined using intrinsic value with the remainder \$130,833 charged to current period operations as interest expenses. The fair value of the described embedded derivative was determined using the Black-Scholes Model with the following assumptions:

(1) dividend yield of	0%;
(2) expected volatility of	164%;
(3) risk-free interest rate of	0.87%;
(4) expected life of	36 months
(5) fair value of the Company's common stock of	\$0.26 per share.

During the three ended September 30, 2016 and 2015, the Company recorded the loss (gain) in fair value of derivative (\$59,857) and \$-0-, respectively.

For the three ended September 30, 2016 and 2015, \$6,399- and \$-0-, respectively, was expensed in the statement of operation as amortization of debt discount related to above notes and shown as interest expenses, respectively.

The following table represents the Company's derivative liability activity for the period ended:

Balance at June 30, 2016	\$ 188,128
Derivative liability reclass into additional paid in capital upon notes conversion	(23,825)
Change in fair value of derivative at period end	(59,857)
Balance September 30, 2016	<u>\$ 104,446</u>

NOTE 10 NOTES PAYABLE

At September 30, 2016 and June 30, 2016, \$90,000 and \$90,000, respectively, of debt was outstanding with an interest rate of 8%.

Accrued and unpaid interest for these notes payable at September 30, 2016 and June 30, 2016 were \$27,550 and \$26,528, respectively.

For the three ended September 30, 2016 and 2015, \$1,022 and \$1,705, was charged as interest on debt and shown as interest expenses, respectively.

NOTE 11 COMMITMENTS

Lease Agreement - The Company leases its office space under a month-to-month lease. Rent expense was \$23,025 and \$18,456 for the three months ended September 30, 2016 and 2015, respectively. On March 2, 2016, the Company entered into an Amendment to Lease in order to extend the current lease through March 31, 2019. The lease calls for monthly rent of \$6,719 per month for the period of April 1, 2016 through March 31, 2017. The monthly rent increases 4% for each of the next two years.

The future minimum payments under this lease are as follows:

Fiscal year ending, June 30:

2017 – remaining nine months	\$ 62,095
2018	83,900
2019	<u>62,925</u>
Total	<u>\$ 209,750</u>

The Company is delinquent in remitting its payroll taxes to the applicable governmental authorities. Total due, including estimated penalties and interest is \$575,589 and \$590,799 at September 30, 2016 and June 30, 2016, respectively.

NOTE 12 EQUITY

Preferred Stock

The Company is authorized to issue 4,000,000 shares of Preferred Stock with a par value of \$0.001 per share as of September 30, 2016. Preferred shares issued and outstanding at September 30, 2016 and June 30, 2016 were 1,000 shares.

On December 30, 2015, the Company filed an amendment to the Company's Articles of Incorporation, as amended, in the form of a Certificate of Designation that authorized for issuance of up to 1,000 shares of Series A preferred stock, par value \$0.001 per share, of the Company designated "Super Voting Preferred Stock" and established the rights, preferences and limitations thereof. The pertinent rights and privileges of each share of the Super Voting Preferred Stock are as follows:

- (i) each share shall not be entitled to receive any dividends nor any liquidation preference;
- (ii) each share shall not be convertible into shares of the Company's common stock;
- (iii) shall be automatically redeemed by the Company at \$0.10 per share on the first to occur of the following triggering events: (a) 90 days following the date on which this Certificate of Designation is filed with the Secretary of State of Nevada or (b) on the date that Mr. Thornton ceases, for any reason, to serve as officer, director or consultant of the Company; and
- (iv) long as any shares of the Series A Preferred Stock remain issued and outstanding, the holders thereof, voting separately as a class, shall have the right to vote in an amount equal to 51% of the total vote (representing a majority voting power) effecting an increase in the authorized common stock of the Company. Such vote shall be determined by the holder(s) of the then issued and outstanding shares of Series A Preferred Stock. For example, if there are 10,000 shares of the Company's common stock issued and outstanding at the time of a shareholder vote, the holders of the Series A Preferred Stock, will have the right to vote an aggregate of 10,408 shares, out of a total number of 20,408 shares voting. The amount of voting rights is determined based on the common shares outstanding and at the record date for the determination of shareholders entitled to vote at each meeting of shareholders of the Company or action by written consent in lieu of meetings with respect to effecting an increase in the authorized shares as presented to the shareholders of the Company. Each holder of Super Voting Preferred Stock shall vote together with the holders of Common Stock, as a single class, except (i) as provided by Nevada Statutes and (ii) with regard to the amendment, alteration or repeal of the preferences, rights, powers or other terms with the written consent of the majority of holders of Super Voting Preferred Stock.

NOTE 12 EQUITY (Continued)

On December 31, 2015, the Company issued 1,000 shares of Super Voting Preferred Stock for \$0.10 per share to Curt Thornton, President and Chief Executive Officer, and a director of the Company, as described in Note 13 Related Party Transactions.

The Preferred Stock – Series A has a mandatory redemption provision of \$0.10 per share, accordingly it is classified as a liability in the balance sheet.

Common Stock

On December 31, 2015, the Company amended its Articles of Incorporation by filing a Certificate of Amendment with the Secretary of State of Nevada to effect an increase in the number of the Company's authorized common shares from 100,000,000 to 200,000,000. The increase in the authorized number of shares of common stock was approved by the Board of Director of the Company on December 30, 2015 and holders of more than 50% of the voting power of the Company's capital stock on December 31, 2015.

On June 30, 2016, the Company amended its Articles of Incorporation by filing a Certificate of Amendment with the Secretary of State of Nevada to effect an increase in the number of the Company's authorized common shares from 200,000,000 to 300,000,000. The increase in the authorized number of shares of common stock was approved by the Board of Director of the Company on June 30, 2016 and holders of more than 50% of the voting power of the Company's capital stock. The Company's ticker symbol and CUSIP remain unchanged.

As of September 30, 2016 and June 30, 2016, there were 97,070,603 and 89,242,624 shares of common stock issued and outstanding, respectively.

During the three months ended September 30, 2016, the Company issued 1,066,667 shares of common stock in exchange for consulting services valued at \$248,333 and recorded 166,666 shares to be issued for services valued at \$39,167.

During the three months ended September 30, 2016 the Company issued 6,761,312 shares of its common stock in payment of \$699,575 debt and accrued interest.

Warrants

Warrant activity during the three months ended September 30, 2016, is as follows:

	Warrants	Weighted-Average Exercise Price	Aggregate Intrinsic Value
Outstanding and exercisable at June 30, 2016	26,396,958	\$ 0.14	\$ 3,695,574
Granted	-	-	-
Exercised	-	-	-
Expired	(1,050,000)	0.05	-
Outstanding and exercisable at September 30, 2016	<u>25,346,958</u>	<u>\$ 0.14</u>	<u>\$ 3,548,574</u>

Stock Option Plan

Stock option activity during the three months ended September 30, 2016 is as follows:

	Stock Options	Weighted-Average Exercise Price	Aggregate Intrinsic Value
Outstanding at June 30, 2016	-	\$ -	\$ -
Granted	50,000	0.23	-
Exercised	-	-	-
Expired	-	-	-
Outstanding at September 30, 2016	<u>50,000</u>	<u>\$ 0.23</u>	<u>\$ -</u>
Exercisable at September 30, 2016	<u>10,000</u>	<u>\$ 0.23</u>	<u>\$ -</u>
Un-exercisable at September 30, 2016	<u>40,000</u>	<u>\$ 0.23</u>	<u>\$ -</u>

NOTE 12 EQUITY (Continued)

The Company has one stock option plan: The Provision Interactive Technologies, Inc. 2002 Stock Option and Incentive Plan, (the "Plan"). As of September 30, 2016, there were 3,324,149 shares available for issuance under the Plan. The Plan is administered by the Company's Board of Directors, (the "Board").

As of September 30, 2016, the Plan provides for the granting of non-qualified and incentive stock options to purchase up to 5,000,000 shares of common stock. Options vest at rates set by the Board, not to exceed five years and are exercisable up to ten years from the date of issuance. The option exercise price is set by the Board at time of grant. Options and restricted stock awards may be granted to employees, officers, directors and consultants.

During the three months ended September 30, 2016 and 2015, the Company issued 50,000 and -0- options and recorded \$1,320 and \$-0- of stock compensation expense, respectively.

The fair value of options exercised in the three months ended September 30, 2016 and 2015 was approximately \$0 at each period.

As of September 30, 2016, there was \$5,296 of total unrecognized compensation cost related to non-vested share-based compensation arrangements granted under existing stock option plans.

Restricted Stock

On June 1, 2016, the Company issued 1,500,000 restricted shares per rule 144 of its Common Stock, vesting in equal amounts over six (6) months to its consultant as partial compensation for services.

The fair value of the restricted stock granted during the three month period ended September 30, 2016 was stated at market price on the date of vested.

During the three month periods ended September 30, 2016 and 2015, the Company recorded expenses of \$180,000 and \$-0-, respectively, related to restricted stock vested to non-employees and the same was accounted for under "stock to be issued" in accompanying unaudited condensed consolidated balance sheet.

As of September 30, 2016 and December 31, 2015, there were 500,000 and -0- restricted stock unvested, respectively.

As of September 30, 2016, there were 1 million restricted stock vested, however, the Company has not issued till date and recorded as stock to be issuable during the period.

NOTE 13 RELATED ENTITY ACTIVITIES

ProDava 3D

On June 30, 2014 the Company entered into an agreement with DB Dava, LLC ("DB") to help the Company launch the 3D network in Rite Aid. The agreement creates a newly-formed entity, ProDava 3D, LLC ("ProDava 3D"), to purchase Provision's 3D Savings Center kiosks for placement into Rite Aid stores. ProDava 3D may purchase up to \$50 million in 3D Savings Center kiosks. The agreement calls for an initial purchase of \$2 million of 3D Savings Center kiosks. The Company will generate revenues and gross profit from the sale of machines to ProDava 3D. The Company will also earn advertising revenue from advertisements in Rite Aid earned by ProDava 3D.

ProDava 3D is purchasing 3D Savings Center kiosks, manufactured by Provision. These will be placed in high traffic aisles of nationally recognized retail stores, initially Rite Aid, with advertisements of consumer packaged products, other consumer goods manufacturers along with local/regional advertisers. Ad sales inventory will include marquee 3D hologram images, coupons, and other rewards and transactions of products sold in the stores (focused on new product introductions).

Provision's contribution to ProDava 3D includes Provision's know-how, management, and its agreement with the national retail pharmacy that will be the first target for the 3D Savings Center kiosk launch. Provision will be responsible for manufacturing, installation, service, maintenance, technical support, network management, advertising, marketing, and accounting of each 3D Savings Center kiosk for the joint venture. Provision will be compensated for rendering and performing all of these services. The advertising and other revenues generated from the 3D Savings Center kiosks will be divided among Provision and DB.

For the three months ended September 30, 2016 and 2015 total revenue includes \$49,842 and \$1,118,925, respectively, revenue from a related party.

Also, total unearned revenue as of September 30, 2016 of \$3,369,774 includes \$2,453,159 advance for sales order received from a related party.

NOTE 13 RELATED ENTITY ACTIVITIES (Continued)

Transactions with Officers and Directors

On December 30, 2015, the Company entered into a Purchase Agreement with Curt Thornton, the Company's President and Chief Executive Officer for the sale of 1,000 shares of "Super Voting Preferred Stock – Series A" for \$0.10 per share and the closing price of the Company's Common Stock was \$0.08 per share, as reported on the Over-the-Counter Markets (OTCQB) on the date prior to the date the Board approved the transaction. The Series A Preferred Shares does not have a dividend rate or liquidation preference and are not convertible into shares of common stock. The shares of the Series A Preferred Stock shall be automatically redeemed by the Company at \$0.10 per share on the first to occur of the following triggering events: (i) 90 days following the date on which this Certificate of Designation is filed with the Secretary of State of Nevada or (ii) on the date that Mr. Thornton ceases, for any reason, to serve as officer, director or consultant of the Company. For so long as any shares of the Series A Preferred Stock remain issued and outstanding, the holders thereof, voting separately as a class, shall have the right to vote in an amount equal to 51% of the total vote (representing a majority voting power) effecting an increase in the authorized common stock of the Company. Such vote shall be determined by the holder(s) of the then issued and outstanding shares of Series A Preferred Stock. For example, if there are 10,000 shares of the Company's common stock issued and outstanding at the time of a shareholder vote, the holders of the Series A Preferred Stock, will have the right to vote an aggregate of 10,408 shares, out of a total number of 20,408 shares voting. The adoption of the Series A Preferred Stock and its issuance to Mr. Thornton was taken solely to allow the Company to increase the Company's authorized shares of common stock. As a result, the Company determined that there was no recorded a preferred stock control premium for the Preferred Stock – Series A that was issued to Mr. Thornton. The rights and preferences of the shares are described in Note 12 Equity.

NOTE 14 LEGAL PROCEEDINGS

On August 26, 2004, in order to protect its legal rights and in the best interest of the shareholders at large, the Company filed, in the Superior Court of California, a complaint alleging breach of contract, rescission, tortious interference and fraud with Betacorp Management, Inc. In an effort to resolve all outstanding issues, the parties agreed, in good faith, to enter into arbitration in the State of Texas, domicile of the defendants. On August 11, 2006, a judgment was awarded against the Company in the sum of \$592,312. A contingency loss of \$592,312 was charged to operations during the year ended June 30, 2007. Subsequently, The Company filed a counter lawsuit and was awarded a default judgement in its favor, and as such removed the contingency loss during the year ended June 30, 2016.

Litigation

From time to time, we may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business. We are currently not aware of any such legal proceedings that we believe will have, individually or in the aggregate, a material adverse effect on our business, financial condition or operating results.

NOTE 15 SUBSEQUENT EVENTS

On October 28, 2016, the Company issues 1,050,000 shares of its common stock at \$0.10 per shares for partial conversion of convertible notes in the amount of \$105,000.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our financial statements and the notes thereto included elsewhere in this quarterly report on Form 10-Q and in our annual report on Form 10-K filed with the Securities and Exchange Commission.

THIS FILING, INCLUDING BUT NOT LIMITED TO "MANAGEMENT'S DISCUSSION AND ANALYSIS", CONTAINS FORWARD-LOOKING STATEMENTS. THE WORDS "ANTICIPATED," "BELIEVE," "EXPECT," "PLAN," "INTEND," "SEEK," "ESTIMATE," "PROJECT," "WILL," "COULD," "MAY," AND SIMILAR EXPRESSIONS ARE INTENDED TO IDENTIFY FORWARD-LOOKING STATEMENTS. THESE STATEMENTS INCLUDE, AMONG OTHERS, INFORMATION REGARDING FUTURE OPERATIONS, FUTURE CAPITAL EXPENDITURES, AND FUTURE NET CASH FLOW. SUCH STATEMENTS REFLECT THE COMPANY'S CURRENT VIEWS WITH RESPECT TO FUTURE EVENTS AND FINANCIAL PERFORMANCE AND INVOLVE RISKS AND UNCERTAINTIES, INCLUDING, WITHOUT LIMITATION, GENERAL ECONOMIC AND BUSINESS CONDITIONS, CHANGES IN SOCIAL, AND ECONOMIC CONDITIONS, AND COMPLIANCE WITH GOVERNMENTAL REGULATIONS, THE ABILITY TO ACHIEVE MARKET PENETRATION AND CUSTOMERS, AND VARIOUS OTHER MATTERS, MANY OF WHICH ARE BEYOND THE COMPANY'S CONTROL. OUR ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE ANTICIPATED IN THESE FORWARD-LOOKING STATEMENTS AS A RESULT OF SEVERAL FACTORS, INCLUDING THE RISKS FACED BY US AS DESCRIBED BELOW AND ELSEWHERE IN THIS FORM 10-Q. IN LIGHT OF THESE RISKS AND UNCERTAINTIES THERE CAN BE NO ASSURANCE THAT THE FORWARD-LOOKING STATEMENTS CONTAINED IN THIS FORM 10-Q WILL OCCUR. WE HAVE NO OBLIGATION TO PUBLICLY UPDATE OR REVISE THESE FORWARD-LOOKING STATEMENTS TO REFLECT NEW INFORMATION, FUTURE EVENTS, OR OTHERWISE, EXCEPT AS REQUIRED BY FEDERAL SECURITIES LAWS AND WE CAUTION YOU NOT TO PLACE UNDUE RELIANCE ON THESE FORWARD-LOOKING STATEMENTS. WE MAY NOT UPDATE THESE FORWARD-LOOKING STATEMENTS, EVEN THOUGH OUR SITUATION MAY CHANGE.

Business History and Overview

Provision Holding, Inc. and its subsidiary, Provision Interactive Technologies, Inc. ("Provision"), is a purveyor of intelligent interactive 3D holographic display technologies, software, and integrated solutions for both commercial and consumer focused applications. Provision's 3D holographic display systems projects full color, high resolution videos into space detached from the screen, without any special glasses. Provision is currently a market leader in true 3D consumer advertising display products.

We are focused on the development and distribution of our patented three-dimensional, holographic interactive video displays focused at grabbing and holding consumer attention particularly and initially in the advertising and product merchandising markets. The systems display a moving 3D image size to forty inches in front of the display, projecting a digital video image out into space detached from any screen, rendering truly independent floating images featuring high definition and crisp visibility from far distances. The nearest comparable to this technology can be seen in motion pictures such as Star Wars and Minority Report, where objects and humans are represented through full-motion holograms. In addition to selling the hardware for our patented three-dimensional, holographic interactive video displays, we are building our business into a digital media company offering advertising on a network of our 3D holographic video displays and integrating them into Provision's 3D Savings Center kiosks.

We have a limited operating history upon which an investor can evaluate our business prospects, which makes it difficult to forecast our future operating results, in light of the risks, uncertainties and problems frequently encountered by companies with limited operating histories. These include, but are not limited to, competition, the need to develop customers and market expertise, market conditions, sales, and marketing and governmental regulation.

We were incorporated in Nevada under the name MailTec, Inc. on February 9, 2004. Pursuant to an Agreement and Plan of Merger, dated February 14, 2008, which was amended and restated on February 27, 2008 (as amended and restated, the "Agreement"), MailTec, Inc. with ProVision Merger Corp., a Nevada corporation and wholly owned subsidiary of the Company (the "Subsidiary") and Provision Interactive Technologies, Inc., a California corporation ("ProVision"), the Subsidiary merged into ProVision, and ProVision became a wholly owned subsidiary of the Company. As consideration for the merger of the Subsidiary into ProVision, the Company issued 20,879,350 shares of the Company's common stock to the shareholders, creditors, and certain warrant holders of ProVision, representing approximately 86.5% of the Company's aggregate issued and outstanding common stock, and the outstanding shares and debt, and those warrants whose holders received shares of the Company's common stock, of ProVision were transferred to the Company and cancelled. Effective February 28, 2008, pursuant to the Agreement, ProVision became a wholly owned subsidiary of the Company. At the time of the reverse acquisition, MailTec was not engaged in any active business.

Our corporate headquarters are located in Chatsworth, California and our phone number is (818) 775-1624.

Products and Services

We believe we are well positioned to capitalize on advertisers' demands as ProVision's HoloVision™ display and 3D Savings Center kiosks offer advertisers and customers an opportunity to reach a highly sought-after, captive audience outside the home, in familiar settings like grocery stores, malls, convenience stores, gas stations, banks and other retail locations. We reach the consumer and business professional at the critical time - when they are away from their homes and businesses and when they are making their buying decisions.

ProVision is marketing our patented three-dimensional, holographic interactive video display and is also developing and marketing several new point-of-purchase, and other devices, tailored to specific industries with major international companies or readying to begin shortly; including the medical, entertainment, government and home markets. ProVision's floating image display technologies have multiple potential market applications across a broad spectrum of industries. In addition to hardware sales, we are initially focusing our efforts on the point-of-purchase and advertising markets.

ProVision's HoloVision™ display can be used for a number of applications, including:

Retail	Education	Medical	Entertainment	Consumer
Drug Stores / Convenience Stores	Primary / Secondary Schools	Doctors / Dentist Offices	Slot Machines, Pachinko	Home Game Consoles
Grocery Stores	Universities	Hospitals	Casinos	Computer Monitors
Banking	Museums	Imaging	Lottery	TV
Fast Food	Libraries		Movie Theaters	Cell Phones
Hotels / Hospitality	Science Centers		Video Games	
Electronics			Theme Parks	

The projected and estimated economic model for retail stores utilizing a kiosk application is (on a per machine basis):

3D Hologram Ads	Rotation of 10 Second Hologram Ads @ \$150 per Ad	\$ 1,500
Coupons	Issuance of 11 Coupon Programs @ \$100 per Program	\$ 1,100
Net Revenue	Per Machine (net of agency fees)	\$ 2,600
Operating Costs	Monthly Paper, Service and Network Fees	\$ 150
	Retailer Share (estimated at 25% of Net Revenue)	\$ 650
Operating Costs	Per Machine	\$ 800
Monthly Operating Profit Per Machine		\$ 1,800

The monthly operating profit per machine would be reduced by the financing costs, such as a lease of the machine or funding through a joint venture such as Pro Dava 3D.

Business Development

Launching our first products into grocery stores and retail pharmacies, we have developed a new patented application. Known as the "3D Savings Center", this ProVision device projects 3D video advertisements and allows consumers to print coupons as well as receive non-cash awards. The 3D Savings Center kiosk provides consumer product goods companies and other advertisers with a new way of promoting their products at the point of purchase, where consumers are making 70% (seventy percent) of their buying decisions.

We tested our concept in Fred Meyer Stores, a division of The Kroger, Co., installing 3D Savings Center kiosks in the Pacific Northwest. We received advertising placements from some of the largest manufacturers in the country, including Unilever, Proctor & Gamble, Johnson & Johnson, BIC and Kimberly Clark. The Company has published a case study of this successful market trial which is available from the Company.

We have now aligned a retail chain, a hardware purchaser to buy 3D Savings Center kiosks to install into the retail chain and advertising agencies to sell ads for the 3D Savings Center kiosks and expect to generate additional revenue from hardware sales in the year ended June 30, 2016 and significant advertising sales thereafter.

Rite Aid Pharmacies

We plan to build, own, and operate networks of 3D Savings Center kiosks. In April 2013 we have an agreement with Rite Aid Pharmacies (“Rite Aid”) to install 3D Savings Centers kiosks in all participating Rite Aid stores throughout the United States. We successfully completed the pilot test phase with nine stores in Los Angeles, and have completed the manufacturing of, and received payment for, the first 200 3D Savings Center kiosks in March 2015. The Company began shipping the first 200 kiosks to be installed in stores at the end of March 2015. We have now shipped an additional 250 3D Savings Center kiosks to its retail partner. These kiosks are being installed in New York, Los Angeles, Detroit, Philadelphia and San Francisco retail locations. Upon installation, which will be an ongoing process through February 2016, the Company will have 450 3D kiosks in five cities furthering its ability to promote both national and local consumer brands through paid advertising. With the successful incorporation of Rite Aid’s wellness and loyalty program, now known as “Plenti” onto the 3D Savings Center kiosks in New York and Los Angeles, we will then continue to expand to 1,000 stores in Rite Aid’s top 10 demographic markets. The Company will earn advertising revenue from advertisements in Rite Aid.

ProDava 3D

On June 30, 2014 the Company entered into an agreement with DB Dava, LLC (“DB”) to help the Company launch the 3D network in Rite Aid. The agreement creates a newly-formed entity, ProDava 3D, LLC (“ProDava 3D”), to purchase Provision’s 3D Savings Center kiosks for placement into Rite Aid stores. ProDava 3D may purchase up to \$50 million in 3D Savings Center kiosks. The Company generated revenues and gross profit from the sale of machines to ProDava 3D during the three ended September 30, 2016. The Company will also will earn advertising revenue from advertisements in Rite Aid earned by ProDava 3D.

ProDava 3D is purchasing 3D Savings Center kiosks, manufactured by Provision. These will be placed in high traffic aisles of nationally recognized retail stores, initially Rite Aid, with advertisements of consumer packaged products, other consumer goods manufacturers along with local/regional advertisers. Ad sales inventory will include marquee 3D hologram images, coupons, and other rewards and transactions of products sold in the stores (focused on new product introductions).

Provision’s contribution to ProDava 3D includes Provision’s know-how, management, and its agreement with the national retail pharmacy that will be the first target for the 3D Savings Center kiosk launch. Provision will be responsible for manufacturing, installation, service, maintenance, technical support, network management, advertising, marketing, and accounting of each 3D Savings Center kiosk for the joint venture. Provision will be compensated for rendering and performing all of these services. The advertising and other revenues generated from the 3D Savings Center kiosks will be divided among Provision and DB.

Advertising Agencies

Provision has engaged TSQ LL (TSQ) and GRI LLC (GRC) to provide non-exclusive national advertising sales to the OTC (over-the-counter) and DTC (direct-to-consumer) brands in support of the 3D Saving Center kiosks being deployed inside Rite Aid.

We have also engaged Pharmark, Inc. to provide local and regional advertising sales to support the 3D Savings Center kiosks in retail stores. The clients of Pharmark will provide local coupons, promotions and other advertising campaigns in digital format expanding advertising to include local merchants joining national brands.

Other Business Arrangements

The Company has signed a Master Collaboration Agreement with Intel Corporation to identify and collaborate on certain technical and marketing activities as contained in the agreement. Collaboration includes joint technical development and marketing activities as determined by the two companies.

The Company has signed a Master Service Agreement with Fujifilm Corporation to provide to Company and its customers with installation and maintenance services to the Company’s 3D Savings Center Kiosks inside Rite Aid retail stores.

In April 2014, Provision announced that it has shipped its first two 3D Holovision displays, models HL40D and HL17MD to an international shopping center group. Operating one of the world’s largest shopping center portfolios with interests in 90 shopping centers around the world, the group is testing Provision’s 3D holographic display as a potential marketing tool, including the use of interactive features.

Competition

Currently, Provision's competition is no other 3D companies that may exist in the marketplace, but traditional advertising media like television, radio, newspapers and magazines. We also compete with companies that operate outdoor and Digital Out-Of-Home (DOOH) advertising media networks that can be seen at malls, gas stations, and retailers containing traditional 2D (two dimensional) TV screens or flat screens. We also compete for overall advertising spending with other alternative advertising media companies, such as Internet, billboard and public transport advertising companies.

The competition for ProVision's patented (issued, approved and pending) and proprietary 3D floating image holographic technology includes alternative 3D displays currently in the marketplace:

Employees

As of September 30, 2016 we have seven employees. None of our employees is represented by a labor union. We have not experienced any work stoppages and we consider relations with our employees to be good. The company also uses independent contractors to support administration, marketing, sales and field support activities.

Research and Development

Research and Development Activities

At present, Provision's patents and patent applications are supplemented by substantial intellectual property we are currently protecting as trade secrets and proprietary know-how. This includes matter related to all product lines. We expect to file additional patent applications on a regular basis in the future.

Intellectual Property

ProVision's floating image display systems project full-motion 3D digital streaming media 9"- 40" into space detached from the display unit into free space and should not be confused with autostereoscopic systems. Autostereoscopic 3D systems produced by various firms' layer two or more LCD screens, or lenticular lens based screens, while utilizing filters and collumnators to provide the illusion of depth perception. Such systems are only capable of displaying digital content attached to layered screens with all images being contained within the actual display unit. Due to the inherent nature of this technology approach the end result of their product line results in the following characteristics: eye strain, nausea, low resolution, low brightness and poor quality imagery, all resulting in poor/low customer acceptance. The cost to produce custom and special content for these screens are excessively expensive and time consuming becoming a major hurdle to overcome for mass adoption. Their major advantage might be characterized by their "flat screens" and slightly wider viewing angles, however consumer acceptance has been limited due to the limitations and poor visual experience. Companies attempting to launch these screens include 3D Magnetec, Alisocopy, Tridelity, and 3D Fusion. Companies that have tried to launch these types of screens, and have failed or ceased operations, include: Phillips, Sharp, and Newsight.

RESULTS OF OPERATIONS

THREE MONTHS ENDED SEPTEMBER 30, 2016 COMPARED TO THREE MONTHS ENDED SEPTEMBER 30, 2015

The following table sets forth, for the periods indicated, certain data derived from our Statements of Operations:

	Three Months Ended	
	September 30,	
	2016	2015
REVENUES		
Advertising and hardware revenues	\$ 8,870	\$ 51,541
Service related revenues – related party	49,842	1,118,925
TOTAL REVENUES	58,712	1,170,466
COST OF REVENUES	56,027	919,952
GROSS PROFIT	2,685	250,514
EXPENSES		
General and administrative	822,809	298,196
Research and development	150,132	32,069
TOTAL EXPENSES	972,941	330,265
LOSS FROM OPERATIONS	(970,256)	(79,751)
OTHER (EXPENSE) INCOME		
Derivative liability expense – insufficient shares	–	(85,960)
Change in fair value of derivative	59,857	–
Gain on forgiveness of debt	–	597,312
Amortization of debt and warrant discount and financing costs	(458,855)	–
Other income (expense)	–	2,876
Interest expense	(254,273)	(352,304)
TOTAL OTHER (EXPENSE) INCOME	(653,271)	161,924

NET (LOSS) INCOME

\$ (1,623,527) \$ 82,173

REVENUES

The Company recognizes revenues from hardware sales, advertising and from licensing, distribution and marketing agreements. Revenues for the quarter ended September 30, 2016 were \$58,712, a decrease of \$1,111,754 from \$1,170,466 generated in the quarter ended September 30, 2015. The decrease in revenues was primarily from a decrease in related party sales. The related party revenue for the three months ended September 30, 2016 is amortization of a long-term software contract on sales to ProDava 3D, LLC related to the purchase of Provision's 3D Savings Center kiosks for placement into retail stores. The related party revenue for the three months ended September 30, 2015 is for sales to ProDava 3D, LLC to purchase Provision's 3D Savings Center kiosks for placement into retail stores. During the three ended September 30, 2016 the Company had one customer which accounted for 10% of the Company's revenues (85%). During the three ended September 30, 2015 the Company had one customer which accounted for 10% of the Company's revenues (96%).

COST OF REVENUES

Cost of revenues for the quarter ended September 30, 2016 was \$56,027 as compared to \$919,952 incurred in the quarter ended September 30, 2015. Cost of revenues for the quarter ended September 30, 2016 decreased as a direct result of the corresponding decrease in related party sales.

OPERATING EXPENSES

The Company incurred \$972,941 in operating expenses for the quarter ended September 30, 2016, an increase from \$330,265 incurred during the quarter ended September 30, 2015 primarily as a result of a \$524,613 increase in general and administrative expenses while research and development expenses increased \$118,063. General and administrative expenses for the quarter ended September 30, 2016 increased primarily as a result of the fees for independent contractors and consultants for the Company's operations and additional marketing agreements.

OTHER EXPENSES

The Company also recorded additional \$360,824 of interest expense and amortization of debt and warrant discounts and finance costs during the quarter ended September 30, 2016 compared to the comparable quarter in 2015, related to the convertible notes outstanding. The Company recognized a gain of \$592,312 for the quarter ended September 30, 2015 from the extinguishment of debt of a previously recorded contingency loss after it filed a lawsuit and was awarded a default judgement in its favor from a dispute that started in 2004 with Betacorp Management, Inc. The Company recognized a gain of \$5,000 for the quarter ended September 30, 2015 due to the forgiveness of certain debts to vendors.

NET LOSS:

The Company had a net loss of \$1,623,527 for the quarter ended September 30, 2016 compared to net income of \$82,173 for the quarter ended September 30, 2015. The increase in net loss in the quarter ended September 30, 2016 was primarily a result of higher interest expense by \$360,824 and increased operating expenses by \$642,676, along with the decrease in gross profit of \$247,829.

Liquidity and Capital Resources

The financial statements in this Form 10-Q are presented on the basis that the Company is a going concern. Going concern contemplates the realization of assets and the satisfaction of liabilities in the normal course of business over a reasonable length of time. The Company had accumulated deficit at September 30, 2016 of \$36,381,789. The Company has negative working capital of \$8,963,910 as of September 30, 2016. The largest balances in current liabilities are for accrued interest \$2,570,052, unearned revenue \$3,369,774 and the current portion of convertible debt in the amount of \$4,928,968. The Company is in the process of negotiating with noteholders to convert accrued interest into long-term notes to reduce current liabilities and plans to ship goods to reduce the unearned revenue.

The condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to generate sufficient cash flow to meet its obligations on a timely basis, to obtain additional financing or refinancing as may be required and, ultimately, to attain profitable operations. Management's plan to eliminate the going concern situation include, but are not limited to, the raise of additional capital through issuance of debt and equity, improved cash flow management, aggressive cost reductions, and the creation of additional sales and profits across its product lines.

The Company does have \$1,127,825 in cash as of September 30, 2016. The Company has sufficient cash to operate for the next 12 months. Failure to raise additional capital or improve its performance in the next 12 months, however, may cause the Company to curtail its business activities and expansion plans within the next twelve months.

During the three months ended September 30, 2016, the Company used \$1,030,923 of cash for operating activities compared to a use of \$262,802 in the three months ended September 30, 2015. The increase in cash used for operating activities was due a higher net loss and the use of cash to lower accounts payable and accrued liabilities. Cash used by financing activities was \$16,795 in the three months ended September 30, 2016 compared to cash from financing activities of \$1,937,170 during the three months ended September 30, 2015.

On June 30, 2014 the Company entered into an agreement with DB Dava, LLC ("DB") to help the Company launch the 3D network in Rite Aid. The agreement creates a newly-formed entity, ProDava 3D, LLC ("ProDava 3D"), to purchase Provision's 3D Savings Center kiosks for placement into Rite Aid stores. ProDava 3D may purchase up to \$50 million in 3D Savings Center kiosks. The agreement calls for an initial purchase of \$2 million of 3D Savings Center kiosks. The Company will generate revenues and gross profit from the sale of machines to ProDava 3D. The Company will also earn advertising revenue from advertisements in Rite Aid earned by ProDava 3D.

ProDava 3D is purchasing 3D Savings Center kiosks, manufactured by Provision. These will be placed in high traffic aisles of nationally recognized retail stores, initially Rite Aid, with advertisements of consumer packaged products, other consumer goods manufacturers along with local/regional advertisers. Ad sales inventory will include marquee 3D hologram images, coupons, and other rewards and transactions of products sold in the stores (focused on new product introductions).

Provision's contribution to ProDava 3D includes Provision's know-how, management, and its agreement with the national retail pharmacy that will be the first target for the 3D Savings Center kiosk launch. Provision will be responsible for manufacturing, installation, service, maintenance, technical support, network management, advertising, marketing, and accounting of each 3D Savings Center kiosk for the joint venture. Provision will be compensated for rendering and performing all of these services. The advertising and other revenues generated from the 3D Savings Center kiosks will be divided among Provision and DB.

CRITICAL ESTIMATES AND JUDGMENTS

The preparation of the Company's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Management evaluates its estimates and judgments, including those related to receivables and accrued expenses. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable based on the circumstances. Actual results may differ from these estimates under different assumptions or conditions. The most significant accounting estimates inherent in the preparation of the Company's financial statements include estimates as to the appropriate carrying value of the Company's intangible assets, the amount of stock compensation, and the amount of accrued liabilities that are not readily attainable from other sources. These accounting policies are described at relevant sections in this discussion and analysis and in the notes to the unaudited condensed consolidated financial statements.

CRITICAL ACCOUNTING POLICIES

Cash and Cash Equivalents

The Company considers all highly liquid investments, with an original maturity of three months or less when purchased, to be cash equivalents. As of September 30, 2016 and June 30, 2016, the Company's cash and cash equivalents were on deposit in federally insured financial institutions, and at times may exceed federally insured limits.

Accounts Receivable

Accounts receivable are not collateralized and interest is not accrued on past due accounts. Periodically, management reviews the adequacy of its provision for doubtful accounts based on historical bad debt expense results and current economic conditions using factors based on the aging of its accounts receivable. After management has exhausted all collection efforts, management writes off receivables and the related reserve. Additionally, the Company may identify additional allowance requirements based on indications that a specific customer may be experiencing financial difficulties. Actual bad debt results could differ materially from these estimates.

Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market. The Company periodically reviews its inventories for indications of slow movement and obsolescence and records an allowance when it is deemed necessary.

Property and Equipment

Property and equipment are stated at cost. When retired or otherwise disposed, the related carrying value and accumulated depreciation are removed from the respective accounts and the net difference less any amount realized from disposition, is reflected in earnings. For financial statement purposes, property and equipment are recorded at cost and depreciated using the straight-line method over their estimated useful lives. Long-lived tangible assets are reviewed for impairment whenever events or changes in business circumstances indicate the carrying value of the assets may not be recoverable. Impairment losses are recognized based on estimated fair values if the sum of expected future undiscounted cash flows of the related assets is less than their carrying values.

Intangibles

Intangibles represent primarily costs incurred in connection with patent applications. Such costs are amortized using the straight-line method over the useful life of the patent once issued, or expensed immediately if any specific application is unsuccessful.

Revenue Recognition

The Company recognizes gross sales when persuasive evidence of an arrangement exists, title transfer has occurred, the price is fixed or readily determinable, and collection is probable. It recognizes revenue in accordance with Accounting Standards Codification (“ASC”) 605, Revenue Recognition (“ASC 605”). Revenue from licensing, distribution and marketing agreements is recognized over the term of the contract. Revenue from the sale of hardware is recognized when the product is complete and the buyer has accepted delivery. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded.

Cost of Revenue

Cost of revenue in respect to sale of hardware consists of costs associated with manufacturing of 3D displays, Kiosk machine, transportation, and other costs that are directly related to a revenue-generating. Such expenses are classified as cost of revenue in the corresponding period in which the revenue is recognized in the accompanying income statement.

Depreciation and Amortization

The Company depreciates its property and equipment using the straight-line method with estimated useful lives from three to seven years. For federal income tax purposes, depreciation is computed using an accelerated method.

Shipping and Handling Costs

The Company’s policy is to classify shipping and handling costs as a component of Costs of Revenues in the Statement of Operations.

Unearned Revenue

The Company bills customers in advance for certain of its services. If the customer makes payment before the service is rendered to the customer, the Company records the payment in a liability account entitled customer prepayments and recognizes the revenue related to the services when the customer receives and utilizes that service, at which time the earnings process is complete. The Company recorded \$3,369,774 and \$3,419,616 as of September 30, 2016 and June 30, 2016, respectively as deferred revenue.

Significant Customers

During the three months ended September 30, 2016 the Company had one customer which accounted for more than 10% of the Company's revenues (85%). During the three months ended September 30, 2015 the Company had one customer which accounted for more than 10% of the Company's revenues (96%).

Research and Development Costs

The Company charges all research and development costs to expense when incurred. Manufacturing costs associated with the development of a new process or a new product are expensed until such times as these processes or products are proven through final testing and initial acceptance by the customer.

For the three months ended September 30, 2016 and 2015, the Company incurred \$150,132 and \$32,069, respectively for research and development expense which are included in the unaudited condensed consolidated statements of operations.

Fair Value of Financial Instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of September 30, 2016 and June 30, 2016. The respective carrying value of certain on-balance-sheet financial instruments, approximate their fair values. These financial instruments include cash, accounts receivable, accounts payable, accrued expenses and notes payable. Fair values were assumed to approximate carrying values for these financial instruments because they are short term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand.

The Company uses fair value measurements under the three-level valuation hierarchy for disclosures of fair value measurement and enhances disclosure for fair value measures. The three levels are defined as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial instruments.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value.

	Carrying Value	Fair Value Measurements Using Fair Value Hierarchy		
		Level 1	Level 2	Level 3
Convertible notes (net of discount) – September 30, 2016	\$ 6,197,133	\$ -	\$ -	\$ 6,197,133
Convertible notes (net of discount) – June 30, 2016	\$ 6,415,371	\$ -	\$ -	\$ 6,415,371
Derivative liability – September 30, 2016	\$ 104,446	\$ -	\$ -	\$ 104,446
Derivative liability – June 30, 2016	\$ 188,128	\$ -	\$ -	\$ 188,128

The following table provides a summary of the changes in fair value of the Company's Promissory Notes, which are both Level 3 liabilities as of September 30, 2016:

Balance at June 30, 2016	\$ 6,415,371
Accretion of debt and warrant discount and prepaid financing costs	458,855
Issuance of shares of common stock for convertible debt	(677,093)
Balance September 30, 2016	<u>\$ 6,197,133</u>

The Company determined the value of its convertible notes using a market interest rate and the value of the warrants and beneficial conversion feature issued at the time of the transaction less the accretion. There is no active market for the debt and the value was based on the delayed payment terms in addition to other facts and circumstances at the end of September 30, 2016 and June 30, 2016.

Derivative Financial Instruments

The Company evaluates our financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the statements of operations. For stock-based derivative financial instruments, the Company uses the Black-Scholes-Merton pricing model to value the derivative instruments. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

Certain of the Company's embedded conversion features on debt and outstanding warrants are treated as derivative liabilities for accounting purposes under ASC 815 due to insufficient authorized shares to settle these outstanding contracts, or due to other rights connected with these contracts, such as registration rights. In the case of insufficient authorized share capital available to fully settle outstanding contracts, the Company utilizes the latest maturity date sequencing method to reclassify outstanding contracts as derivative instruments. These contracts are recognized currently in earnings until such time as the warrants are exercised, expire, the related rights have been waived and/or the authorized share capital has been amended to accommodate settlement of these contracts. These instruments do not trade in an active securities market.

The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is re-assessed at the end of each reporting period. Derivative instruments that become subject to reclassification are reclassified at the fair value of the instrument on the reclassification date. Derivative instrument liabilities will be classified in the balance sheet as current or non-current based on whether or not settlement of the derivative instrument is expected within 12 months of the balance sheet date.

The Company estimates the fair value of these instruments using the Black-Scholes option pricing model and the intrinsic value if the convertible notes are due on demand.

We have determined that certain convertible debt instruments outstanding as of the date of these financial statements include an exercise price "reset" adjustment that qualifies as derivative financial instruments under the provisions of ASC 815-40, Derivatives and Hedging - Contracts in an Entity's Own Stock ("ASC 815-40"). Certain of the convertible debentures have a variable exercise price, thus are convertible into an indeterminate number of shares for which we cannot determine if we have sufficient authorized shares to settle the transaction with. Accordingly, the embedded conversion option is a derivative liability and is marked to market through earnings at the end of each reporting period. Any change in fair value during the period recorded in earnings as "Other income (expense) - gain (loss) on change in derivative liabilities."

The following table represents the Company's derivative liability activity for the period ended:

Balance at June 30, 2016	\$ 188,128
Derivative liability reclass into additional paid in capital upon notes conversion	(23,825)
Change in fair value of derivative at period end	(59,857)
Balance September 30, 2016	<u>\$ 104,446</u>

Commitments and Contingencies:

In the normal course of business, the Company is subject to loss contingencies, such as legal proceedings and claims arising out of its business, that cover a wide range of matters, including, among others, government investigations, environment liability and tax matters. An accrual for a loss contingency is recognized when it is probable that an asset had been impaired or a liability had been incurred and the amount of loss can be reasonably estimated.

Basic and Diluted Income (Loss) per Share

Basic income (loss) per common share is computed by dividing net income (loss) available to common stockholders by the weighted average number of common shares outstanding. Diluted income (loss) per common share is computed similar to basic income per common share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. As of September 30, 2016, the Company had debt instruments, options and warrants outstanding that can potentially be converted into approximately 108,318,807 shares of common stock.

Anti-dilutive securities not included in diluted loss per share relating to:

Warrants outstanding	6,476,189
Options vested and outstanding	10,000
Convertible debt and notes payable including accrued interest	<u>3,954,425</u>
	<u>10,440,614</u>

Material Equity Instruments

The Company evaluates stock options, stock warrants and other contracts (convertible promissory note payable) to determine if those contracts or embedded components of those contracts qualify as derivative financial instruments to be separately accounted for under the relevant sections of *ASC 815-40, Derivative Instruments and Hedging: Contracts in Entity's Own Equity* ("ASC 815"). The result of this accounting treatment could be that the fair value of a financial instrument is classified as a derivative financial instrument and is marked-to-market at each balance sheet date and recorded as a liability. In the event that the fair value is recorded as a liability, the change in fair value is recorded in the statement of operations as other income or other expense. Upon conversion or exercise of a derivative financial instrument, the instrument is marked to fair value at the conversion date and then that fair value is reclassified to equity. Financial instruments that are initially classified as equity that become subject to reclassification under ASC 815 are reclassified to a liability account at the fair value of the instrument on the reclassification date.

Certain of the Company's embedded conversion features on debt and outstanding warrants are treated as derivative liabilities for accounting purposes under ASC 815-40 due to insufficient authorized shares to settle these outstanding contracts. Pursuant to SEC staff guidance that permits a sequencing approach based on the use of ASC 840-15-25 which provides guidance for contracts that permit partial net share settlement. The sequencing approach may be applied in one of two ways: contracts may be evaluated based on (1) earliest issuance date or (2) latest maturity date. In the case of insufficient authorized share capital available to fully settle outstanding contracts, the Company utilizes the earliest maturity date sequencing method to reclassify outstanding contracts as derivative instruments. These contracts are recognized currently in earnings until such time as the convertible notes or warrants are exercised, expire, the related rights have been waived and/or the authorized share capital has been amended to accommodate settlement of these contracts. These instruments do not trade in an active securities market.

Recent Accounting Pronouncements

In January 2016, the FASB issued an accounting standard update which requires, among other things, that entities measure equity investments (except those accounted for under the equity method of accounting or those that result in consolidation of the investee) at fair value, with changes in fair value recognized in earnings. Under the standard, entities will no longer be able to recognize unrealized holding gains and losses on equity securities classified today as available for sale as a component of other comprehensive income. For equity investments without readily determinable fair values the cost method of accounting is also eliminated, however subject to certain exceptions, entities will be able to elect to record equity investments without readily determinable fair values at cost, less impairment and plus or minus adjustments for observable price changes, with all such changes recognized in earnings. This new standard does not change the guidance for classifying and measuring investments in debt securities and loans. The standard is effective for us on July 1, 2018 (the first quarter of our 2019 fiscal year). The Company is currently evaluating the anticipated impact of this standard on our financial statements.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)* to increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the balance sheet and disclosing key information about leasing arrangements. Topic 842 affects any entity that enters into a lease, with some specified scope exemptions. The guidance in this Update supersedes Topic 840, *Leases*. The core principle of Topic 842 is that a lessee should recognize the assets and liabilities that arise from leases. A lessee should recognize in the statement of financial position a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For public companies, the amendments in this Update are effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We are currently evaluating the impact of adopting ASU No. 2016-02 on our consolidated financial statements.

In March 2016, the FASB issued ASU 2016-08, *Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)* that clarifies how to apply revenue recognition guidance related to whether an entity is a principal or an agent. ASU 2016-08 clarifies that the analysis must focus on whether the entity has control of the goods or services before they are transferred to the customer and provides additional guidance about how to apply the control principle when services are provided and when goods or services are combined with other goods or services. The effective date for ASU 2016-08 is the same as the effective date of ASU 2014-09 as amended by ASU 2015-14, for annual reporting periods beginning after December 15, 2017, including interim periods within those years. The Company has not yet determined the impact of ASU 2016-08 on its consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, Compensation – Stock Compensation, or ASU No. 2016-09. The areas for simplification in this Update involve several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. For public entities, the amendments in this Update are effective for annual periods beginning after December 15, 2016, and interim periods within those annual periods. Early adoption is permitted in any interim or annual period. If an entity early adopts the amendments in an interim period, any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. Amendments related to the timing of when excess tax benefits are recognized, minimum statutory withholding requirements, forfeitures, and intrinsic value should be applied using a modified retrospective transition method by means of a cumulative-effect adjustment to equity as of the beginning of the period in which the guidance is adopted. Amendments related to the presentation of employee taxes paid on the statement of cash flows when an employer withholds shares to meet the minimum statutory withholding requirement should be applied retrospectively. Amendments requiring recognition of excess tax benefits and tax deficiencies in the income statement and the practical expedient for estimating expected term should be applied prospectively. An entity may elect to apply the amendments related to the presentation of excess tax benefits on the statement of cash flows using either a prospective transition method or a retrospective transition method. We are currently evaluating the impact of adopting ASU No. 2016-09 on our consolidated financial statements.

In April 2016, the FASB issued ASU 2016-10, *Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing*, which provides further guidance on identifying performance obligations and improves the operability and understandability of licensing implementation guidance. The effective date for ASU 2016-10 is the same as the effective date of ASU 2014-09 as amended by ASU 2015-14, for annual reporting periods beginning after December 15, 2017, including interim periods within those years. The Company has not yet determined the impact of ASU 2016-10 on its consolidated financial statements.

ECONOMY AND INFLATION

Except as disclosed herein, we have not experienced any significant cancellation of orders due to the downturn in the economy and only a small number of customers requested delays in delivery or production of orders in process. Our management believes that inflation has not had a material effect on our results of operations.

OFF-BALANCE SHEET AND CONTRACTUAL ARRANGEMENTS

We do not have any off balance sheet or contractual arrangements that are reasonably likely to have a current or future effect on our financial condition, revenues, and results of operations, liquidity or capital expenditures.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of our Company's Principal Executive Officer and Principal Financial Officer, of the design and effectiveness of our "disclosure controls and procedures" (as defined under Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934) as of the end of the period covered by this report. Based on this evaluation, our Principal Executive Officer and Principal Financial Officer concluded that, as of the end of the period covered by this report, these disclosure controls and procedures were not effective to provide reasonable assurance that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the SEC and is accumulated and communicated to management, including the Principal Executive Officer and Principal Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

The matters involving internal controls and procedures that the Company's management considered to be material weaknesses under the standards of the Public Company Accounting Oversight Board are as follows: (1) lack of a functioning audit committee and lack of a majority of outside directors on the Company's board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (2) inadequate segregation of duties consistent with control objectives; (3) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of US GAAP and SEC disclosure requirements; and (4) ineffective controls over period end financial disclosure and reporting processes. The Company intends to establish policies and procedures that will remediate the related material weaknesses.

Changes in Internal Controls over Financial Reporting

There have been no changes in our internal controls over financial reporting during our last fiscal three months that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

In the ordinary course of business, the Company may become a party to various legal proceedings generally involving contractual matters, infringement actions, product liability claims and other matters. There are no material items of litigation at this time.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the three months ended September 30, 2016, the Company issued 1,066,667 shares of common stock in exchange for consulting services valued at \$248,333.

During the three months ended September 30, 2016 the Company issued 6,761,312 shares of its common stock in payment of \$699,575 debt and accrued interest.

ITEM 3. DEFAULT UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

SIGNATURES

In accordance with the requirements of Section 13 or 15(d) of the Exchange Act, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

PROVISION HOLDING, INC.

Dated: November 10, 2016

By: /s/ Curt Thornton

Name: Curt Thornton

Title: Chief Executive Officer
(Principal Executive Officer and
Principal Financial Officer)

CERTIFICATION

I, Curt Thornton, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Provision Holding, Inc.:

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of and for the periods presented in this report.

4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

/s/ Curt Thornton

**CERTIFICATION PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report on Form 10-Q of Provision Holding, Inc. (the "Company") for the quarter ended September 30, 2016, as filed with the Securities and Exchange Commission (the "Report"), I, Curt Thornton, Chief Executive Officer of the Company, certify, pursuant to 18 U.S.C. § 1350, as adopted pursuant to §906 of the Sarbanes-Oxley Act of 2002, that, to the best of my knowledge:

- (1) The Report fully complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company
